

# Destination Wedding Services

Destinations weddings are for brides and grooms that want to escape the hustle and bustle of their normal lives and get married in paradise. Whether that paradise is in the Continental United States or outside of our borders, we specialize in planning weddings in Mexico, The Bahamas, Anguilla, Spain, and many other desirable locales. Destination weddings are designed so that our clients can make all of their decisions from afar, and can just show up and their wedding is perfect and everything is exactly how they hoped it would be. Give us a call to see what we can do to help you plan your destination wedding

**\*\*In addition to the coordination fee for this package, the client must also pay for the coordinator and an assistant's transportation, lodging, and meals on the planning trip, if the trip is necessary. The client is also responsible for paying for the coordinator and an assistant's transportation, lodging, and meals for the wedding itself. The coordinators will need to be at the location 2-3 days prior to the date of the actual wedding in order to finalize and take care of last minute details.\*\***
